Priprema-K2

III Complete the following memo using these words. (4)

few, much, a little, little, a few, too, many, enough, a great deal of

We recently did a survey of 1,500 customers. Unfortunately, very of those questioned(7%) said that our designs were attractive and people(over half of the respondents) felt they were old fashioned.

As a result, I have commissioned a new design, made big effort and spent time with the marketing department. I am sending you the samples of a new design for you to comment on and, if you have some time between now and the New Year, I'd be grateful for your comments.

III Complete the following memo using these words (4):

few, much, a little, little, a few, too, many, enough, a great deal of

Sales figures for the year to date have been disappointing as distributors are willing to promote our products as as we would like.

The commission is relatively low and therefore there is very incentive for them to ensure volume sales.

IV Make a relative clause using a relative pronoun. (4)
